### Our Mission

Our mission is to improve quality in all aspects of our specialty: from clinical and surgical management of patients to education, training and credentialing of thoracic surgeons in Europe and worldwide.

# 30th ESTS MEETING

19 - 21 JUNE 2022 • THE HAGUE, THE NETHERLANDS

## WELCOME ADDRESS

### Welcome back We missed you!!!

Since our last ESTS meeting in Dublin Sars-coV-2 really changed the world in many ways, due to its massive impact on almost everything in the world. After 2 years of unwanted but necessary virtual ESTS and other meetings, the time is here to physically meet again amongst thoracic surgeons, residents, trainees, (specialized) nurses, OR crew, industry and all interested in this fantastic domain in medicine.

We therefore are extremely delighted to welcome you to The Hague, The Netherlands, for the ESTS Annual Meeting 2022

Holland is much more than tulips, windmills, canals and wooden shoes, and The Hague proves this. In this city the parliament resides, the King has his working and private palace but also the Embassies, the International Court of Justice and the International Criminal Court are located here.

The third largest city of Holland has the largest coastline: more than 11 km beach and two famous and popular seaside resorts: Scheveningen and Kijkduin.

It has the grandeur of a royal residence and the friendliness of a small town in a multicultural and truly international setting.

The Hague as a city and ESTS and this meeting match perfectly: The European Society of Thoracic Surgeons is about International collaboration, learning together and sharing experience and knowledge but also preparing the future generation in a rapidly changing surgical world. Equally important are the friendships, networks and a perfect environment to get in touch with the Industry.

The ESTS meeting is the place where members and many other colleagues meet and we would like you to be part of this. Please also bring your team members: (specialized) nurses, OR team members: we can only perform as a team.

Join the plenary sessions, come to the breakfast meetings and social events, learn from colleagues, tell us about your own expertise and experience.

Learn about new techniques, new instruments, and new possibilities within our profession and about disease management, let's talk about new topics; how to get the patient fit for surgery (prehabilitation) and how can we stay fit to perform and last but not least how we manage sustainability in Health Care f.e. within our OR.

The world is changing rapidly and many challenges are ahead of us and thoracic surgery and present and future surgeons have to move along.

In other words: learn, share, teach and enjoy, where after 2 years of no physical ESTS meetings, this is the occasion to renew and refresh our social interactions live!

We can do this together in The Hague 2022 where we all wholeheartedly welcome you on behalf of the Local Organizing Committee.

**Willem-Hans Steup**  
Chair of Local Organizing Committee

# 30th ESTS MEETING

19 - 21 JUNE 2022 • THE HAGUE, THE NETHERLANDS

## WELCOME ADDRESS

The ESTS Conference is the largest conference in the world solely dedicated to general thoracic surgery. Over the years there has been an increase in the number of delegates, from just over 1000 in 2018 to over 1300 in 2019.

Equally we have seen a significant increase of abstract numbers: from just over 500 in 2018 to more than 750 in 2019.

These simple measures should give you the confidence that the conference is growing significantly, year on year, and, therefore, it should provide a significant return of investment.

The Treasurer, the Director of the Annual Meeting and the Board of Directors wish to work with you in partnership to disseminate knowledge and deliver significant education in new products and techniques. We hope you will decide to be part of our journey.

**Rene Petersen**  
Director of Annual Meeting

**Isabelle Opitz**  
Treasurer, President Elect
